Dining room functionality

Original Danish design

Our furniture is based on ideas of simplicity, functionality and great details. One of the great details is that we only use sustainable wood. Another is our commitment to the original trade.

Throughout the years, Skovby has educated more than 250 men and women within the field of furniture production. With an inclusive staff policy, a flexible senior policy and a constant flow of around 10 apprentices, we carry on our core values while also investing in the future.

We are proud to say that we work hard and passionately each day to uphold the traditions of great Danish design. We still produce our furniture locally, in Denmark – strengthening and embracing the know-how and craftsmanship necessary for creating the ultimate Danish design pieces for our customers to enjoy for many years to come.

This year we celebrate our 90th anniversary.

MADE IN DENMARK

Second generation V. Rasmussen

Second generation V. Rasmussen

First generation and founder T. Rasmussen

Third generation

Skovby's story began in 1933 in a small rural village in Denmark. Back then a talented young cabinetmaker with big dreams started a small-scale furniture production in his mother's home in Skovby. His name was Thorvald Rasmussen – and this was the beginning of what would eventually become Skovby Møbelfabrik A/S.

For Thorvald – and later his son Villy – there were many obstacles, but also many triumphs along the way, and slowly but surely the company expanded and grew. Today Skovby is owned by third generation and grandsons Preben and Jørgen Rasmussen and the furniture is still designed and produced locally – in the heart of Denmark – in Skovby, where it all began.

MEET THE DESIGNER

PER HÅNSBÆK
Architect & Designer

With a passion for equal parts materials, design and functionality architect Per Hånsbæk has developed a long line of Skovby dining room furniture for more than 30 years.

Each piece of furniture has the characteristic Hånsbæk signature – a distinct balance between design and functionality, which he believes to be of equal importance.

Expand your circle

Make room for all your loved ones with the beautiful and iconic #33 dining table.

The table is known for its unique patented extension system. A turntable under the tabletop splits the tabletop in three in one synchronous movement revealing three extension leaves stored in the base. When light pressure is applied, the extension leaves unfold and expand the circle of the tabletop to a seating capacity of 9 people.

In the category of rectangular dining tables with traditional extension systems, you find our popular models #23, #24, #26 and #27. All tables are supplied with three extension leaves, which are stored conveniently under the tabletop. A fourth extension leaf is available separately for #23 and #26 as is a set consisting of three extra extension leaves for #24 and #27. Each inserted extension leaf extends the seating capacity by two seats.

From leftover wood to beautiful design

SUSTAINABLE & STACKABLE STOOL

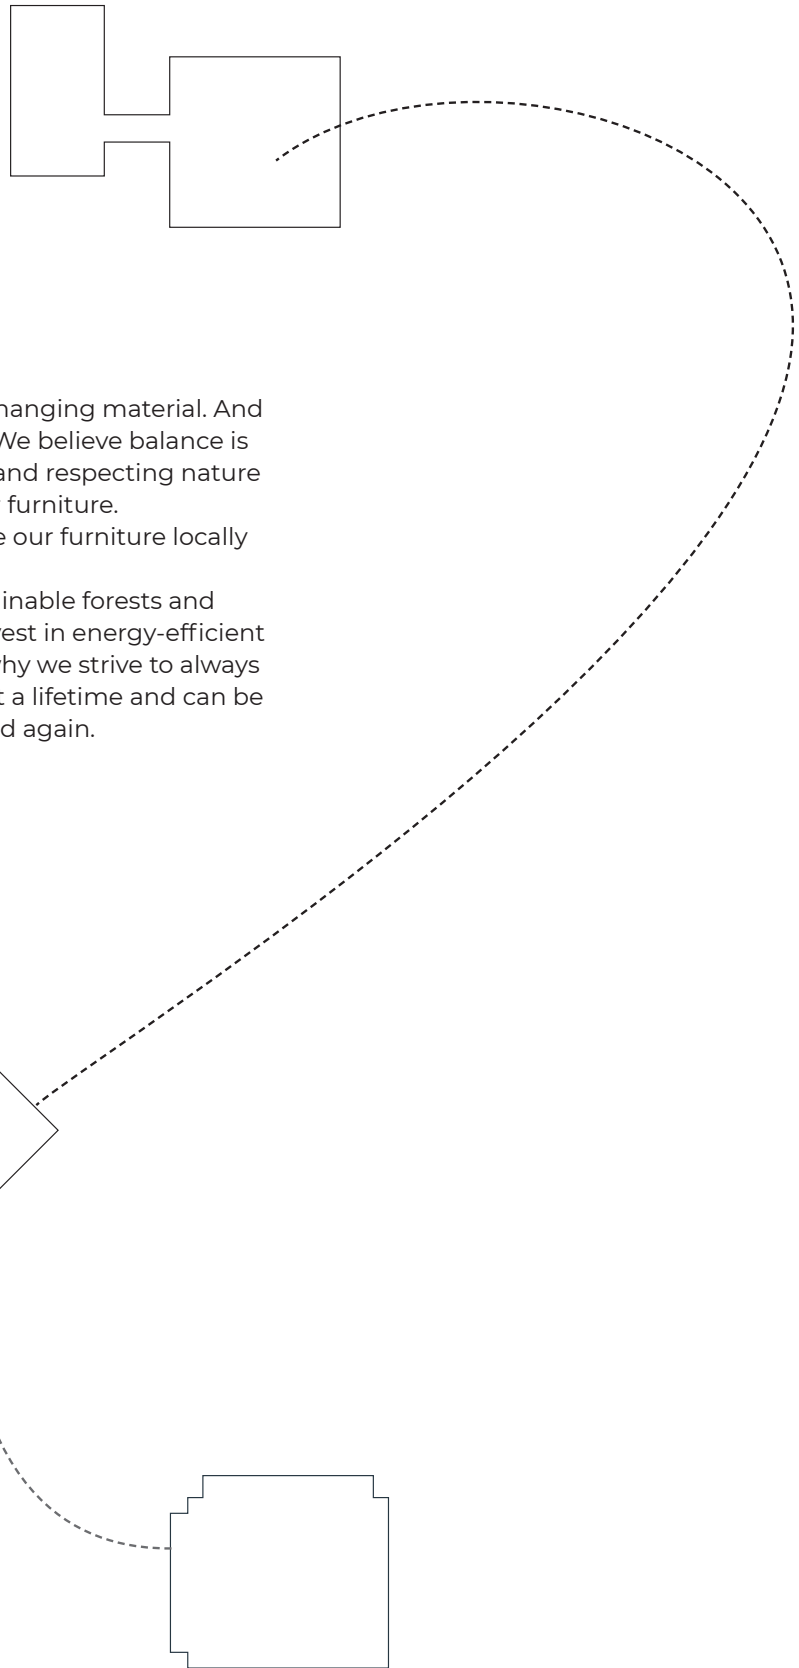

The idea and design of stool #840 sprang from pieces of leftover wood. Pieces cut from round and elliptical shaped tables are brought together to create a stackable and sustainable stool made entirely from leftover pieces from our production.

Three joined pieces of solid wood give the seat a dynamic and interesting pattern. Combined with the edgy legs the result is a unique, sculptural look.

Use the stool as extra seating, a small side table, or simply a beautiful display piece in your home.

WE LOVE WOOD

Wood is a living, lasting and everchanging material. And it is the core of everything we do. We believe balance is key. And we believe in protecting and respecting nature and the forests that give life to our furniture.

That is the reason why we produce our furniture locally – in our three Danish factories.

Why we only use wood from sustainable forests and utilise all excess wood. Why we invest in energy-efficient machinery and technology. And why we strive to always create high-quality pieces that last a lifetime and can be redeployed and recycled, again and again.

Because we care.

Skovby #832 | #833 | Social seating

Scooch together on the sturdy and beautiful two-seater #832 or the three-seater bench #833 This versatile bench is crafted from solid wood and is as decorative as it is functional. Use it for seating, in the entry hall, by the foot of the bed, or as a display and storage piece – simply use your imagination.

Rising to the occasion

By the simple push of a button you can transform this award-winning table #30 from a normal dining table to a standing workstation or a low table for children's play and homework – and right back again.

Functionality is paramount, the possibilities are endless – and it is all wrapped up in a timeless, elegant design.

Be prepared for any situation and occasion with this extendable, height-adjustable multipurpose table #30.

The table has rechargeable batteries and no cords for easy access and usability. It hides two extension leaves under the tabletop, which quickly and smoothly increases the seating capacity from 8 to 12 people. And with one push of a button the height can be adjusted from 64 to 110 cm.

Bring nature into your home with the cool and modern plank table #106.

The solid planks of the tabletop appear smooth yet rustic as they clearly show the life, quality and feel of the wood. The planks are carried by two movable trapeze-shaped frames providing a sturdy look and great flexibility.

The model is also available in the slightly shorter version #105.

Plank table #106 seats 6-10 people in its basic position and is extendable in the form of two extension leaves – one in each table end, providing extra seating for a total of 12-14 people.

The slightly shorter version of the model, #105, seats 6 people in its basic position and 10 people in extended form.

Storage furniture is made of lacquered, soap-finished or oil-finished veneer.
Aufbewahrungsmöbel werden aus lackiertem, seifenbehandeltem oder geöltem Furnier hergestellt.
Opbevaringsmøbler fremstilles i lakeret, sæbebehandlet eller oliebehandlet finer.

Solid versions of tables will come with veneered extension leaves in solid look as standard.
Massivholzversionen der Tische werden standardmäßig mit furnierten Einlegeplatten im Massiv-Look geliefert.
Massive udgaver af borde vil blive leveret med finerede tillægsplader i massivt look som standard.

Chairs are surface-treated, so oil treatment is not necessary.
Die Stühle sind oberflächenbehandelt - Öl-Behandlung ist nicht nötig.
Stole er overfladebehandlet, så oliebehandling kan udelades.
